**FOR IMMEDIATE RELEASE**

**Chamber-View® Offers Customizable Options for Empty Chamber Indicators (ECIs)**

*Private Label Opportunities Available for Firearm Manufacturers, Scholastic and Youth Programs, Law Enforcement Training, New Shooter Programs, Shooting Preserves and Ranges, Hunting Clubs and Special Events and Programs*

**MERRIMACK, NH (December 2013)** – [Chamber-View@.LLC](http://Chamber-View@.LLC), the innovators behind highly visual firearms safety products, is pleased to announce that their groundbreaking, patent pending Empty Chamber Indicators (ECIs) for shotguns, AR / AK Type rifles and semi-auto pistols are available for special requests & [customization](#). The Chamber-View® ECIs can be tailored to an organizations preference with an expansive range of colors. To take it a step further, Chamber-View® ECIs can be made into a private label for firearm manufacturers, scholastic and youth programs, law enforcement training, new shooter programs, shooting preserves and ranges, hunting clubs and special events, programs and competitions. For special requests, custom orders and private labels, Chamber-View® can be contacted at [sales@chamber-view.com](mailto:sales@chamber-view.com) or by phone at 603-864-8999.

Made of 100% silicone, the Chamber-View® ECI provides instant recognition that a firearm is safe by indicating a fully open action to surrounding shooters, personnel and observers. Not only does it enhance the safety of the shooter by aiding against accidental closings of the action, the Chamber-View® ECI also helps preserve firearm performance by preventing elements from contaminating the ejector port, magazine and barrel.

The Chamber-View® ECI has a long service life and is minimally affected by weather extremes. It is also flexible and resilient across a wide range of temperatures. Designed to be finger friendly with an enhanced comfort and feel in mind, Chamber-View® ECIs won't scratch surfaces and have excellent sealing properties against environmental elements. Chamber-View® ECIs are also water repellant, heat resistant and are chemically resistant to a wide range of gun cleaning solvents.

Check out [www.chamber-view.com](http://www.chamber-view.com) for more information or join the ongoing conversation on [Facebook](#) and the [LinkedIn network](#). To become a retail vendor, or if you are a professional / amateur / scholastic organization with interest in the Chamber-View® ECI product line, please contact [sales@chamber-view.com](mailto:sales@chamber-view.com) or by phone: Gail Cook, President, Chamber-View®, LLC at (917) 833-3896.

**About Chamber-View®, LLC:**

At Chamber-View®, our goal is to enhance public safety by sending a highly visual and recognizable message to restore the confidence of safety in a firearm user and the surrounding individuals.
