**FOR IMMEDIATE RELEASE**

## **Chamber-View® Partners with the Professional Sporting Clays Association (PSCA) for the 2014 Tour**

*Chamber-View® donates Shotgun Empty Chamber Indicators (ECI) for four action-packed sporting clay competitions televised on the NBC Sports Network*

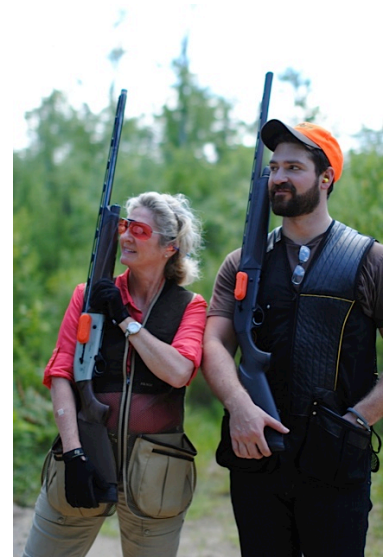

**MERRIMACK, NH (March 2014)** – [Chamber-View®, LLC](http://www.chamber-view.com), innovators behind highly visual firearms safety products, is proud to announce a product partnership with the [Professional Sporting Clays Association \(PSCA\)](http://www.pscanet.org) in the upcoming 2014 Pro Tour. Chamber-View® is donating six hundred of their empty chamber indicators (ECI) for semi-auto/pump style shotguns to be used during the amateur events slated to take place the Sunday morning before each Pro Finals event on Sunday afternoon. The top eight amateurs (4 men/4 women) will shoot with the pros in the afternoon event.

All four Pro Finals taped events will be televised on NBC Sports Network starting July 27<sup>th</sup> through September 26<sup>th</sup>, 2014 on Sunday evenings 10:00 to 10:30 p.m. (EDT).

The first PSCA amateur shoot will take place on Sunday, April 6<sup>th</sup> at Able' Gun Range in Huntsville, Texas. The second event is set for June 1<sup>st</sup> at the American Shooting Centers in Houston, Texas, followed by the Caney Creek Lodge event on June 29<sup>th</sup>. The final event will be held July 27<sup>th</sup> at the National Shooting Complex in San Antonio, Texas. These amateur shoots are open to anyone and details on registration can be found on the PSCA [website](http://www.pscanet.org).

Chamber-View® ECI's provide instant recognition that a firearm is completely safe by indicating an open action with the blaze orange ECI. Chamber-View® ECI's also aid in the prevention of accidental closings of the action and helps to prevent debris from contaminating the ejector port, magazine and barrel. Made from 100% silicone, Chamber-View® ECI's can withstand extreme temperatures and constant use. Chamber-View® ECI's are currently available for semi-auto/pump style shotguns, AR/AK style rifles and semi-auto pistols. [To see how Chamber-View® works, view the recent 2014 Shot Show video.](#)

**About Chamber-View®, LLC:**

At Chamber-View®, our goal is to enhance public safety by sending a highly visual and recognizable message to restore the confidence of safety in a firearm user and the surrounding individuals. **Shoot Safe, Shoot Smart.**

**About The Professional Sporting Clays Association:**

The purpose of the Professional Sporting Clays Association (PSCA) is to provide a professional tour for top athletes. This tour will give qualified top athletes greater access to closed competition with other athletes of similar skill. It will also provide access to media and other notoriety, which in turn will allow them all of the benefits of other professional sports. By creating such an association, the benefits will extend to amateur competitors, club owners, and the entire industry by allowing greater mainstream acceptance of the shooting sports. Connect with PSCA via social media at [facebook.com/PSCAtour](https://facebook.com/PSCAtour) and [twitter.com/PSCAtour](https://twitter.com/PSCAtour). For more information please visit [www.pzca.com](http://www.pzca.com).
